

BUTTER COMBINE ASPP TO ROUT

Reduction of 5 Cents Due to Competition From California.

EXPOSE QUEER CONDITIONS

CAN SHIP 1,000 MILES AND UN- DERSELL LOCAL MARKET.

The drop in the price of butter from 25 to 20 cents a pound retail, and from 30 to 25 cents a pound wholesale, came as the result of California competition, which, at the old price, could undersell the local market 5 cents a pound on the wholesale price.

In California, butter is selling at 22 1/2 cents a pound wholesale and at this price can be placed on the Salt Lake market at 25 cents a pound wholesale. Local dealers realized that the game was up for them unless they brought their price down on a par with the California price and wasted no time in doing so.

The market during the week has been quiet and steady. The cold weather has had its effect upon the vegetable output. The receipts are not so heavy as they would have been had the weather been favorable. The asparagus crop has received a setback and if the cold weather continues it will be greatly damaged.

California goods are coming into market in good shape. The usual supply of green produce and oranges were on hand during the week. Bananas are also coming in now in good shape, the scarcity due to delayed steamers on the Gulf being over.

Plenty of fish of every variety in season is to be had. Salmon, halibut, whitefish, smelt and Utah trout are among the different fish in market today. The first harradine of the season was on hand yesterday, selling at 15 cents a pound. Following are the latest quotations:

Can't Miss It

So many ailments are purely nervous affections, that you can hardly miss it if you try Dr. Miles' Nerve. It restores nervous energy—and through its invigorating influence upon the nervous system, the organs are strengthened. The heart action is better; digestion improved, the sluggish condition overcome, and healthy activity re-established.

"Dr. Miles' Nerve is worth its weight in gold to me. I did not know what ailed me. I had a good physician but got no relief. I could not eat, sleep, work, sit or stand. I was nearly crazy. One day I picked up a paper and the first thing that met my eyes was an advertisement of Dr. Miles' Nerve. I concluded to try it and let the doctor go, and I did so. After taking two bottles I could dress myself. Then I began taking Dr. Miles' Heart Cure and now I can work and go out, and the benefits are beyond description. I received from these remedies and several of them have been cured by it. I am now a healthy man, and I can say that the first bottle will benefit. If it fails, he will refund your money."

SURVEYING CONTRACTS.

A. J. Stookey and Byron S. Kershaw
Secure Government Work.

The United States surveyor general yesterday awarded contracts to A. J. Stookey and Byron S. Kershaw for the surveying of government lands in Tooele, Utah, Carbon and Juab counties. Mr. Stookey's contract is for the surveying of the boundary line between Utah and Nevada in Tooele county and the salt beds, also located in that county. The country to be surveyed lies in five townships.

Mr. Kershaw's contract is for the surveying of lands in Utah, Carbon and Juab counties. Four townships will be covered by him.

The engineers will go into the field as soon as the weather permits and it will take them until fall to finish the work.

UNIVERSITY COLORS CHANGED TO CRIMSON AND WHITE

NEW RULE DEPRIVES FRESHMEN OF NEW DINKY HATS

The executive committee of the associated students of the university made a number of changes in the constitution of the student body yesterday regarding the wearing of the official "U" and the school colors. They will be submitted to the student body today for confirmation. The most important change is the changing of the school colors from crimson and silver to crimson and white. Crimson and silver were selected as the school colors at the time of the old University of Deseret. Custom has changed the silver to white. Other rulings that were made by the committee follow:

All students who represent the university in any debate against a college or university shall receive for the first debate that they are in a gold watch box with a "U" on it.

ESTATE GOES TO CHILDREN

William T. Hooley, Murdered by His Wife, Left Property Valued at \$2,000.

The estate of William T. Hooley, who was shot and killed by his wife, Edith Hooley, at their home in Waterloo, April 9, is valued at \$2,000, according to petition asked for appointment as administrator filed in the probate division of the district court yesterday by G. H. Backman. The items are an insurance policy of \$1,000 and a homestead valued at \$1,000.

The children will be the beneficiaries. The petition also asks for the appointment of Mr. Backman as guardian for the children—John, aged 10, and William, aged 6—as well as of Mrs. Hooley, incompetent. After the shooting the mother was adjudged insane and committed to the state mental hospital at Provo. The children are now at the home of Victor S. Anderson, a brother of Mrs. Hooley.

VERDICT FOR \$1,540.80.

Judge Morse in an opinion handed down yesterday awarded the Sierra Nevada Lumber company a verdict of \$1,540.80 in its suit against Della Worrett. The action was on a lien on a building situated in Bingham Canyon.

FAILED TO SUPPORT WIFE.

Failure to provide and desertion are the allegations made by Margaret Brown in a complaint filed in the district court yesterday, in which she asks to be divorced from her husband, Walter J. Brown. They were married in Salt Lake, May 25, 1902. The wife asks for the custody of a 2-year-old girl, \$25 a month alimony and \$50 attorney's fees.

LITTLE FOLKS REPORT ON WORK

School Children Cleaned 6,982
Yards on Arbor
Day.

EXTENT OF THEIR LABORS

DETAILED STATEMENT OF
WHAT WAS ACCOMPLISHED.

Arbor Day Record.

Number of trees planted, 1,967 1,966

Number of shrubs, vines, 7,230 7,230

etc., 1,102 8,534

Number of flower beds, 8,929 8,929

Number of yards cleaned, 6,982 6,982

per cent.

The result of the labor of the school children of the city on Arbor day was made public yesterday by D. H. Christensen, city superintendent, and appears in detail, together with a comparison with the 1906 record.

That the little people worked exceedingly hard and accomplished by their concerted efforts probably more towards beautifying the city than all the grown-ups combined is indicated by the figures. The statistics are particularly significant in the fact that they show the tendency to make Arbor day less of a tree planting day and more of a cleaning day. Last year, it will be noted, 4,068 yards were cleaned by the children, while this year the number was increased by 2,884, or over 70 per cent.

A small decrease in the number of trees and shrubs planted is evident, but this is more than made up for by the increase in the cleaning work. In fact, the school authorities, while not discouraging tree planting, have pointed out the need of a general spring clean-up and the result of the emphasis put upon this point is evident not only from an examination of the figures, but from an examination of back yards.

The health department is still having trouble to secure enough teams to carry away the garbage collected on Arbor day and many of the unsightly piles in the streets still remain. This condition will be remedied as soon as possible.

"Good for everything a salve is used for and especially recommended for Piles." That is what you say about Dr. Witt's Carbolic Tissue Hazel Salve. That is what twenty years of usage has proven. Get the original. Sold by Chas. Van Dyke, 289 Main St.

Rummage sale, Presbyterian church, cor. E and Brigham, Friday, April 19, 9 o'clock.

St. Mark's Cathedral parish has arranged for a "get acquainted" and good time social on the eve of St. Mark's day, next Wednesday, April 24, from 8 o'clock until 11. Its parishioners cordially invite their friends, old friends and new friends, to meet with them on this occasion. There will be music furnished by Donelson's orchestra and refreshments served. It is hoped because of the fact that St. Mark's can receive its friends in a parish house, the nucleus of a fund for which has been laid since Easter. Meantime its open-handed hospitality will be extended in the basement of the cathedral.
